

**PICS 2024 Program
SEPTEMBER 4-7
Marriott Marquis San Diego Marina**

Tuesday September 3

4:00-6:00pm **Registration Open**
Marriott Grand Foyer – 2nd Floor Lobby Level

Wednesday September 4

7:00am-6:00pm **Registration Open**
Marriott Grand Foyer – 2nd Floor Lobby Level

7:00-8:30am **Breakfast Available**
Marriott Grand Foyer – 2nd Floor Lobby Level

7:00am-6:00pm Poster Abstracts
Marriott Grand Foyer – 2nd Floor Lobby Level

7:45-8:00am **Welcome – Ziyad M Hijazi**
General Session–Marriott Grand Ballroom – 2nd Floor Lobby Level

Morning Session:

8:00-10:30am **1st Live Case Session**
General Session–Marriott Grand Ballroom– 2nd Floor Lobby Level

Moderators: *Damien Kenny, Ziyad M. Hijazi*

Panelists: *Ahmed Al-Omrani, Lynn Peng, Ali El-Halabi, Jeff Zampi, Mark Galantowicz*

- Pontificia Universidad Catolica de Chile, Santiago, Chile
- Children’s Hospital of Los Angeles, Los Angeles, CA
- Nationwide Children’s Hospital, Columbus, Ohio
- St. Paul’s Hospital, Vancouver, Canada

10:00-10:30am **Coffee Available**
Marriott Grand Foyer – 2nd Floor Lobby Level

10:30am-12:30pm **2nd Live Case Session**
General Session–Marriott Grand Ballroom – 2nd Floor Lobby Level

Moderators: *William Hellenbrand, John Cheatham*

Panelists: *Amjad Mahmood, Sophi Guiti Milani, Robert Pass, Michel Ilbawi, Alex Javois*

- Pontificia Universidad Catolica de Chile, Santiago, Chile
- Children’s Hospital of Los Angeles, Los Angeles, CA
- Nationwide Children’s Hospital, Columbus, Ohio

Live Case Factoid presenters: *Kamel Shibbani, Allen Ligon, Varun Aggarwal*

12:30-1:30pm

Lunch Available

Marriott Grand Foyer – 2nd Floor Lobby Level

1:00-2:00pm

Industry Lunch Symposium – Gore

General Session–Marriott Grand Ballroom– 2nd Floor Lobby Level

Long-term clinical follow-up of the GORE CARIOFORM ASD

OCCLUDER

- *Matthew Gillespie, MD*
- *Athar Qureshi, MD*

Afternoon

2:00 – 4:30pm

Lymphatic Session - Breakout Session

Marriott Grand Ballrooms 3&4 –2nd Floor Lobby Level

Session One: What is New?

Moderators: *Sanjay Sinha, Christopher Smith,*

Ben Blais (virtual)

2:00-2:10

Updates in Lymphatic Physiology – *Micol Rebonato*

2:11-2:21

Advances in Lymphatic Anatomy – *Adam Kolesnik*

2:22-2:32

New Developments in Lymphatic Imaging – *Surren Reddy*

2:33-2:43

New Developments in Lymphatic Interventions – *Sanjay Sinha*

2:44-2:54

Recent Developments in Medical Therapy and Genetics –

Gur Mainzer (virtual)

2:55-3:05

New opportunities in Lymphatic Therapies – *Yoav Dori*

Session Two: Case Based Session: What do you do next?

Moderators: *Sanjay Sinha, Christopher Smith, Mike Seckeler*

3:15-3:25

PB - *Petru Liuba*

3:26-3:36

Chylothorax - *Neil Patel*

3:37-3:47

PLE - *Christoph Bauer*

3:48-3:58

Multicompartment Case - *Stanimir Georgiev*

3:59-4:09

Multicompartment with TDD – *Christopher Smith*

4:10-4:20

Primary and Strange – *Michael Rahbek Schmidt*

4:21-4:31

When Not to Intervene - *Greg Adamson*

2:30 – 4:00pm

Whats New in Our Toolbox?

General Session -Marriott Grand Ballroom – 2nd Floor Lobby Level

Moderators: *Evan Zahn, Alejandro Peirone, Rachel Neubrandner*

2:30-2:42

The Expanding Use of the AFR – Choosing the Right Size for Growing Patients – *Gianfranco Butera*

2:43-2:55

New Stent Designs for the Growing Patient – *Evan Zahn*

2:56-3:08

Covered Stent Options for Interventional Treatment of SVASD
Jamil Aboulhosn

3:09-3:21

What Should the Ideal PDA Stent Look Like and Are We Nearly There? *Dan Levi*

3:22-3:34

Transcatheter Fontan Completion – Do we need a dedicated device?
Lee Benson

3:35-3:47

Is Extended Reality the Future of Imaging for Intervention?
Jenny Zablah

3:50-4:00

Discussion

2:30-4:00pm **PICES BREAKOUT SESSION – Outside My Comfort Zone – When to Accept More Risk for Potential Benefit – Focusing on New/Innovative Approaches, Pre-Procedural Planning, “Off Label” Usage**
Marriott Grand Ballrooms 1&2 – 2nd Floor Lobby Level
Moderators: *Allen Ligon*
Panelists- **Oliver Barry, *Britton Keeshan, *Steve Nageotte, Neil Patel*

2:30-2:40 PICES business meeting - *Allen Ligon*

2:40-2:50 Early Interventional Cardiology Survey Results on Work Force, Financials, and Needs - **Britton Keeshan*

2:50-3:05 Case #1 - Transcatheter Correction of Aortic Dissection
Sebastian Goreczny

3:05-3:20 Case #2 - Ductus Venosus Stenting in a Premature Neonate with Obstructed TAPVR - **Samantha Gilg*

3:20-3:35 Case #3- TPVR in an Elderly Patient - **Juan Carlos Samayoa*

3:35-3:40 PICES Congenital Interventional Mentor of the Year Award presentation - *Allen Ligon*

3:40-4:00pm Invited speaker: Setting Oneself up for Success, Facing Challenges and Optimizing Mentorship - *David Balzer*
*(*Invited Guest Speaker)*

4:00-4:15pm Coffee Available
Marriott Grand Foyer – 2nd Floor Lobby Level

4:15-6:00pm **Oral Abstract Presentations**
Room 1: Moderators: *Mario Carminati, Jacqueline Kreutzer*
Marriott Ballrooms 1&2 – 2nd Floor Lobby Level

Room 2: Moderators: *Lee Benson, Vivian Dimas*
Marriott Grand Ballroom –General Session– 2nd Floor Lobby Level

5:00-6:00pm **Room 3: Moderators:** *Carlos Pedra, Maiy El-Sayed*
Marriott Ballrooms 3&4 – 2nd Floor Lobby Level

6:00-8:00pm **Welcome Reception – Pacific Ballroom - 1st Floor Ground Level**
Exhibit Hall Opens

Thursday September 5

- 7:00am-6:00pm **Registration Open**
Marriott Grand Foyer – 2nd Floor Lobby Level
- 7:00-8:30am **Breakfast Available** – Exhibit Hall
Pacific Ballroom – 1st Floor Ground Level
- 7:00am-6:00pm **Poster Abstracts**
Pacific Ballroom Foyer – 1st Floor Ground Level
- 7:00-7:30am Moderated Poster Abstracts
Pacific Ballroom Foyer – 1st Floor Ground Level
Moderators:
Group 1: Tom Fagan, James Thompson
Group 2: Ralf Holzer, Sharon Cheatham
Group 3: Athar Qureshi, Jenny Zablah
- Morning Session**
- 7:45-8:00am **Update on Live Cases 2023** - Damien Kenny
General Session–Marriott Grand Ballroom – 2nd Floor Lobby Level
- 8:00-10:00am **1st Live Case Session**
General Session–Marriott Grand Ballroom – 2nd Floor Lobby Level
Moderators: *John Cheatham, Thomas Jones*
Panelists: *Wail Alkashkari, Jeremy Asnes, Ahmet Celebi, Levent Saltik, Tacey Downing, John Nigro*
- Beth Israel Deaconess Medical Center, Boston, MA
 - Cincinnati Children’s Hospital, Cincinnati, OH
 - Mayo Clinic, Rochester, MN
- 10:00-10:30am Coffee Available – Exhibit Hall
Pacific Ballroom – 1st Floor Ground Level
- 10:30a-12:30p **2nd Live Case Session**
General Session–Marriott Grand Ballroom – 2nd Floor Lobby Level
Moderators: *Ziyad M. Hijazi, Vivian Dimas*
Panelists: *Joshua Murphy, Hussam Suradi, Glen Van Arsdall, Gejun Zhang, Fadi Bitar*
- Beth Israel Deaconess Medical Center, Boston, MA
 - Cincinnati Children’s Hospital, Cincinnati, OH
 - Mayo Clinic, Rochester, MN
 -
- Live Case Factoid presenters:** *Kamel Shibbani, Allen Ligon, Varun Aggarwal*
- 12:30pm The PICS Society Annual Business Meeting
General Session – Marriott Grand Ballroom – 2nd Floor Lobby Level
Ziyad M. Hijazi

12:30-1:30pm

Lunch Available – Exhibit Hall
Pacific Ballroom – 1st Floor Ground Level

1:00-2:00pm

Industry Lunchtime Symposium – *Edwards Lifesciences*
General Session–Marriott Grand Ballroom – 2nd Floor Lobby Level
Edwards Pulmonic Portfolio: A Deep Dive

- Versatility of the Edwards Pulmonic Portfolio – *Vivian Dimas*
- Alterra Adaptive Pre-stent Design Features and Rationale
Evan Zahn
- Leveraging Alterra Device Re-capturability for Optimal
Deployment – *Darren Berman*
- Alterra Use in Complex RVOT Anatomy – *Vivian Dimas*
- Q&A – *Darren Berman, Evan Zahn, Vivian Dimas*
- Key Takeaways – *Evan Zahn*

Afternoon

2:30-6:00pm

ACHD
General Session –Marriott Grand Ballroom – 2nd Floor Lobby Level
Moderators: *Eric Horlick, Maiy El-Sayed, Jamil Aboulhosen*

- 2:30-2:42 Joined Up Thinking – Are Interventions in the Pediatric Sphere
Making ACHD Interventions More Challenging? *Dan Levi*
- 2:43-2:55 ASD Closure – What is the Cutoff for Using a Fenestrated
Device in Adults? *Reda Ibrahim*
- 2:56-3:08 Stenting the Fontan – When Is This Required in Adults?
Nathan Taggart
- 3:09-3:21 Collateral Closure in Adult Single Ventricle Patients – Leave
Alone or Close? *Doff McElhinney*
- 3:22-3:34 Management Approaches for Aortic Atresia – *Mark Osten*
- 3:35-3:47 Intervening on Patients with PS/PR in Adulthood – Are the
guidelines too vague for this cohort? *Laith Alshawabkeh*
- 3:48-4:00 Structural Interventions in ACHD Patients – Whats new and
who should be doing these? *Eric Horlick*

4:00-4:30pm

Coffee Available – Exhibit Hall
Pacific Ballroom – 1st Floor Ground Level

ACHD Session continued

- 4:30-4:42 Is the Autus Valve the answer to lifetime management of the
pulmonary valve? *Aimee Armstrong*
- 4:43-4:55 VSD Closure in Adults – 5 Tips Learned Over the Decades
Yun Chin Fu
- 4:56-5:08 Interventions in Patients with an Atrial Switch –
Do they influence longer-term outcomes? *Luca Vricella*
- 5:09-5:21 Complications with Catheterization in ACHD Patients – What
Does the Data Show and Should It Influence Our Approach?
Gareth Morgan
- 5:22-5:34 Training the Next Generation of ACHD Interventionalists –
What is the Optimum Model? *Jamil Aboulhosen*
- 5:35-5:47 First Experiences with the MemoSorb Absorbable Occluder
Horst Sievert
- 5:50-6:00 Discussion

2:00-4:00pm

Great Debates – Breakout Session

Marriott Grand Ballrooms 3&4 – 2nd Floor Lobby Level

Moderators: *Mansour AlJufan, Mark Galantowicz*

Neonatal Interventions Should be Considered to Delay Surgery to
Protect the Neonatal Brain

2:00-2:10

Pro *Gil Wernowsky*

2:10-2:20

Con *John Nigro*

2:20-2:30

Discussion, Q&A

2:30-2:40

Pre-procedural CTA Planning/reconstruction Makes 3DRA Obsolete

Pro *Shelby Kutty*

2:40-2:50

Con *Gregor Krings*

2:50-3:00

Discussion, Q&A

Primary Repair of Tetralogy of Fallot is the Better Longer-term
Strategy in Symptomatic Neonates

3:00-3:10

Pro *Glen Van Arsdall*

3:10-3:20

Con *Athar Qureshi*

3:20-3:30

Discussion, Q&A

Congenital Interventional Cardiology Training Guidelines are not
Comprehensive Enough to Deal with Increasingly Complex
Interventions

3:30-3:40

Pro *Matt Gillespie*

3:40-3:50

Con *Ralf Holzer*

3:50-4:00

Discussion, Q&A

4:00-4:30pm

Coffee Available – Exhibit Hall

Pacific Ballroom – 1st Floor Ground Level

4:30-6:00pm

***Interventions in LBW Infants* – Breakout Session**

Marriott Grand Ballrooms 3&4 – 2nd Floor Lobby Level

Moderators: *Thomas Forbes, Bryan Goldstein*

4:30-4:42

Access to the Heart in Infants Less Than 2 kgs – Choosing Hybrid vs
Standard Vascular Approaches – *Zahid Amin*

Complications of Premature PDA Occlusion and How to
Avoid/manage these:

4:43-4:53 Device Embolization – *Frank Ing*

4:54-5:02 TV Damage – *Darren Berman*

5:03-5:13 Aortic/pulmonary Artery Obstruction - *Evan Zahn*

5:14-5:26

Back-up Support for PDA Stenting in LBW Infants –
Institutional Protocols – *Chris Petit*

5:27-5:39

Complications in LBW Infants – Are We Getting Better? *Ralf Holzer*

5:40-5:52

3D Imaging in LBW Infants – How can it help? *Sebastian Goreczny*

5:52-6:00

Q&A

- 4:30-6:00pm **Latin Session - Breakout Session**
Marriott Grand Ballrooms 1&2 – 2nd Floor Lobby Level
Moderators: *Carlos Pedra*
- 4:30-4:42 Transcatheter Closure of PM VSD Near the Aortic Valve
Alejandro Peirone
- 4:43-4:55 Catheterization in Ebstein Disease. Why, When, How
Jacqueline Kreutzer
- 4:56-5:08 Rehabilitation of Extra Cardiac Conduits in Fontan Patients.
Are we pushing the envelope? *Marcelo Ribeiro*
- 5:09-5:21 Catheterization and Interventions Under MRI guidance.
An Italian Perspective *Micol Rebonato*
- 5:22-5:34 Borderline Indications for TPVR. Are the guidelines too strict?
Oliver Aregullin
- 5:35-5:47 Aortic and Renal Interventions in Takayasu/Mid Aortic Syndrome.
Diego Porras
- 5:50-6:00pm Q&A
- 6:00pm** **PICS Achievement Award**
General Session Marriott Grand Ballroom – 2nd Floor Lobby Level
Ziyad M. Hijazi
- 7:30pm** PICS Soccer game – All Invited
Claremont High School San Diego (turf field)

Friday September 6

7:00am-6:00pm **Registration Open**
Marriott Grand Foyer – 2nd Floor Lobby Level

7:00-8:30am **Breakfast Available** – Exhibit Hall
Pacific Ballroom – 1st Floor Ground Level

7:00am-6:00pm **Poster Abstracts**
Pacific Ballroom Foyer – 1st Floor Ground Level

Morning Session

7:00-7:45am **Moderated Poster Abstract Presentations**
Pacific Ballroom Foyer – 1st Floor Ground Level

Moderators:

Group 1: Damien Kenny, Frank Ing

Group 2: Bryan Goldstein, Vivian Dimas

Group 3: Alan Nugent, Lynn Peng

7:45-8:00am **Update on the PICS Society** – Norm Linsky
General Session–Marriott Grand Ballroom – 2nd Floor Lobby Level

8:00-10:00am **1st Live Case Session**
General Session–Marriott Grand Ballroom – 2nd Floor Lobby Level

Moderators: *Shakeel Qureshi, Carlos Pedra*

Panelists: *David Balzer, Martin Bocks,*

Regina Bokenkamp, Jae Young Choi, Mark Galantowicz

- Le Bonheur Children’s Hospital, Memphis, TN
- University of Mississippi, Jackson, MS
- Seattle Children’s Hospital, Seattle, WA

10:00-10:30am **Coffee Break-** Exhibit Hall
Pacific Ballroom – 1st Floor Ground Level

10:30am-12:30pm **2nd Live Case Session**
General Session–Marriott Grand Ballroom – 2nd Floor Lobby Level

Moderators: *Evan Zahn, Aimee Armstrong*

Panelists: *Jeff Delaney, Maiy El-Sayed, Tom Forbes, Brent Gordon, Michel Ilbawi, Joshua Murphy, Mohammed Al-Hijji*

- Le Bonheur Children’s Hospital, Memphis, TN
- University of Mississippi, Jackson, MS
- Seattle Children’s Hospital, Seattle, WA
-

Live Case Factoid presenters: *Kamel Shibbani, Allen Ligon, Varun Aggarwal*

- 12:30-1:30pm **Lunch Available** – Exhibit Hall
Pacific Ballroom – 1st Floor Ground Level
- 12:45-1:45pm **CCISC meeting**
Marriott Grand Ballrooms 1&2 – 2nd Floor Lobby Level
Moderator: *Thomas Forbes*
- 1:00-2:00pm **Industry Lunchtime Symposium – Medtronic**
General Session–Marriott Grand Ballroom – 2nd Floor Lobby Level
Exploring Harmony TPV Outcomes: Insights, Discussions, and Unique
Join our esteemed faculty for a data-driven discussion on the clinical outcomes of Harmony TPV. Participate in open discussions about real-life experiences and unique case presentations to aid in decision-making.
Moderator: *Matt Gillespie, MD; Children’s Hospital of Philadelphia*
Speakers:
Jamil Aboulhosn, MD; UCLA
Vivian Dimas, MD; Medical City Dallas
Allen Ligon, MD; Children’s Hospital of Atlanta
- Afternoon**
- 2:15-3:45pm **Coronary Artery Fistula – Breakout Session**
Marriott Grand Ballrooms 1&2 – 2nd Floor Lobby Level
Moderators: *Shakeel Qureshi, Bharat Dalvi*
- 2:15-2:27 Case presentations - Distal Fistula and Proximal Fistula
K Sivakumar
- 2:28-2:40 Guidelines for Fistula Closure - Are they appropriate?
Worakan Promphan
- 2:41-2:53 Complications Related to Device Closure – *Do Tin*
- 2:54-3:04 Complex Case with an Unusual Complication – *Horst Sievert*
- 3:05-3:17 Surgeons Perspective on Closure and Post-surgical Expectations/complications – *Glen Van Asrdall*
- 3:20-3:30 Q&A
- 2:30-3:45pm **Where is Technology Taking us in Congenital Interventional Cardiology?**
General Session–Marriott Grand Ballroom – 2nd Floor Lobby Level
Moderators: *Matt Gillespie, Howard Weber*
- 2:30-2:42 Data Collection and Application –
Can we Learn from Others? *Ryan Callahan*
- 2:43-2:55 Advanced Imaging and CFD – Where Will This Ultimately Land?
Elchanan Bruckheimer
- 2:56-3:08 Personalised Medicine – Are regulatory hurdles too great for our field?
Diego Porras
- 3:09-3:21 Application of AI to Congenital Interventional Cardiology
Arash Salavitabar
- 3:22-3:34 Interventional Cardiac MR – 20 Years On and Still on the Periphery?
Suren Reddy
- 3:35-3:45 Q&A

- 2:15-3:45pm **Follow-Up of Simple Lesions – Breakout Session**
Marriott Grand Ballrooms 3&4 – 2nd Floor Lobby Level
Moderators: *Brent Gordon, Tom Fagan*
- 2:15-2:27 Long Term follow-up for Balloon Pulmonary Vavuloplasmy – Are we getting better? – *Roymanee Supaporn*
- 2:28-2:40 Erosion Data – European, US and Japanese Experience
Hideshi Tomita
- 2:41-2:53 LPA Gradient Following PDA closure – When should we intervene?
Mansour AlJufan
- 2:54-3:04 LPA Stenting Pre-TCPC Completion – Does it make any difference?
Marc Gewillig
- 3:05-3:17 Balloon Dilation for Re-coarctation in Infants – Is this still the best option with newer stent designs? – *Sachin Khambadkone*
- 3:18-3:30 How to follow the standard Fontan – MRI, CT, or 3DRA
Kiran Mallula
- 3:35-3:45 Q&A
- 3:30- 4:15pm **Coffee Available – Exhibit Hall**
Pacific Ballroom – 1st Floor Ground Level
- 4:00-5:30pm **TPVR Session**
General Session–Marriott Grand Ballroom – 2nd Floor Lobby Level
Moderators: *Damien Kenny & John Nigro*
- 4:00-4:12 Lifetime Management with Conduits –
 Are we still too myopic? *Frank Ing*
- 4:13-4:25 When to Intervene on the TV in the Setting of Pulmonary Valve
 Dysfunction? *Jamil Aboulhosn*
- 4:26-4:38 Self-expanding vs Balloon Expandable for Pulmonary Waist of 27mm
Shabana Shahanavaz
- 4:39-4:51 From Famine to Feast – How Many Self-expanding Pulmonary Valve
 Platforms Do We Realistically Need? *Elchanan Bruckheimer*
- 4:52-5:04 Niggling Problems with tPVR – From Coronaries and Rupture to
 HALT and Arrythmia – What does the next 10 years hold?
Evan Zahn
- 5:05-5:17 Lifetime management of Pulmonary Valve Disease – how can we
 achieve the least number of interventions without morbidity and
 mortality? *Marc Gewillig*

- 4:00-5:30pm ***Use of RF Energy Within the Heart – Breakout Session***
Marriott Grand Ballrooms 3&4 – 2nd Floor Lobby Level
Moderators: *David Nykanen, Henri Justino*
- 4:00-4:12 RF Vs Needle for Accessing the Pulmonary Venous Atrium – When and Why – *Joaquim Miro*
- 4:13-4:25 Have CTO Wires Reduced the Need for RF Energy in CHD Patients? *Alan Nugent*
- 4:26-4:38 Electrosurgery Techniques in Adult Structural Disease – *Saibal Kar*
- 4:39-4:51 Best approaches for perforating the IVC-PA Conduit in SV Patients – *Jonathan Rome*
- 4:52-5:04 Recrossing the Atrial Septum Following Device Closure – Techniques and Should it Influence Our Approach to ASD Closure in the Future – *Alejandro Torres*
- 5:05-5:17 EP Studies and “VT” Ablation pre tPVR – are we trying to be too clever? *Robert Pass*

- 3:45-5:30pm ***Nursing and Associated Professionals Breakout Session***
Marriott Grand Ballrooms 1&2 – 2nd Floor Lobby Level
Moderators: *Sharon Cheatham, Emily Kish*
- 3:45-3:57 From Awareness to Action: Mitigating Complications in the Cath Lab *Veronica Zitterman*
- 3:58-4:10 Virtual Simulation Versus 3D Printing of the Anatomical Model for Complex Lesions – *Arash Salavitarbar*
- 4:11-4:23 Harnessing Artificial Intelligence: Revolutionizing Registry Reporting and summarization in Complex CHD - *Laith Alshawabkeh*
- 4:24-4:36 Positive Vibes Only: Strategies for a Healthy Work Culture – *Terry Alford*
- 4:37-4:49 Around the World With Valve Technology – *Dan Levi*
- 4:50-5:02 Hemodynamics: Understanding the Numbers – *Ileen Cronin*
- 5:03-5:15 Balancing Cath Lab Inventory With the Cost of Increased Technology *Emily Kish*
- 5:15-5:30 Q&A

6:40pm **San Diego Padres Baseball Game – PETCO PARK**

Saturday September 7

- 7:00am-1:00pm **Registration Open**
Marriott Grand Foyer – 2nd Floor Lobby Level
- 7:00-8:30am **Breakfast Available** – Exhibit Hall
Pacific Ballroom – 1st Floor Ground Level
- 8:00-9:30am ***Managing High Flow Lesions in Smaller Infants***
General Session–Marriott Grand Ballroom – 2nd Floor Lobby Level
Moderators: *Allison Cabalka, Mansour AlJufan*
- 8:00-8:12 Flow Restrictors Within the Heart – Lessons Learned and Future
Options – *Dietmar Schranz*
- 8:13-8:25 Transcatheter VSD Closure in Children < 6kgs – *K Sivakumar*
- 8:26-8:38 The Large PDA in a 4kg Symptomatic Infant – Knowing Our Limits
Alain Fraisse
- 8:39-8:51 Is widespread acceptance of echo guided closure procedures likely in
the next 10 years? *Craig Fleishman*
- 8:52-9:04 Porto-systemic Shunts in Smaller Infants – What Options Exist?
Henri Justino
- 9:05-9:17 Larger Devices in Small Children - How large can we go?
Masood Sadiq
- 9:17-9:30 Q&A
- 9:30-10:00am ***Coffee Available***
- 10:00-11:30am ***Taped Cases***
General Session–Marriott Grand Ballroom – 2nd Floor Lobby Level
Moderators: *Larry Latson, Craig Fleishman*
- 10:00-10:20 Mayo – *Jason Anderson*
- 10:21-10:41 Transcatheter Fontan – *Damien Kenny*
- 10:42-11:02 PDA Stenting – *Athar Qureshi*
- 11:03-11:23 Pulsta Valve – *Seong-Ho Kim*
- 11:30am-1:00pm **Nightmare Cases**
General Session–Marriott Grand Ballroom – 2nd Floor Lobby Level
Moderators: *Shakeel Qureshi and Matt Gillespie*
- 1:00pm Closing Remarks
Ziyad M. Hijazi & Damien Kenny

*As of August 27
